AGENCY POLICY

OUR MISSION: To provide quality behavioral health services to people of all ages within our communities, that promotes healthy and productive lives.

OFFICE HOURS: Our offices are generally open Monday through Friday, 8:00 a.m. to 5:00 p.m. Some of our locations offer evening hours once a week. Please check with the receptionist for further information on specific days and hours or visit our website at bvbh.net. You can reach your therapist during normal clinical hours. In case of an emergency during evening or weekend hours, call our crisis line at 1-877-409-6600 to contact our on call staff.

PHONE CALLS: Our office staff can answer some of your calls. We realize that all questions/concerns are important. However, due to the high volume of phone calls received each day, calls indicating an urgent medical necessity will be given priority. Therefore, we are not always able to return all phone calls the same day, but we will do our best to return each call in a timely manner.

CANCELLATIONS/MISSED APPOINTMENTS: We understand that it may be necessary at times to cancel an appointment. To help us assist others who may use this time, we ask that any changes or cancellations be made at least 24 hours in advance. Repeated no shows or cancellations will result in limited access to appointments.

Medicaid/Heritage Health clients: Completion of the Diagnostic Interview (DI), which is part of the Assessment, is required. If the DI appointment is cancelled or rescheduled, future treatment may be delayed until the DI is completed. Please ask your counselor for more information.

Medication Management clients: Please be aware if you cancel or miss an appointment with your Medication Management Provider, your prescriptions will not be refilled. To assure quality of care, our providers need to see you to evaluate the effectiveness of your medications

PRESCRIPTIONS AND RENEWALS: Prescriptions and renewals should be requested during regular office hours when your medical record is available. When requesting a refill contact your pharmacy and they will contact us directly. Try to call several days before your prescription runs out, as we are not always able to get the approval the same day we receive the request. This depends on the availability of each med provider and the number of requests each day.

Your behavioral health is our primary concern. We understand your position as a client and will do everything possible to serve your best interest with every courtesy.
